

# Iso-B

## Sound-insulated inline centrifugal fans

### Use

- Supply and extract ventilation systems installed in premises with high requirements to the noise level.
- Suitable for limited mounting space.
- Compatible with Ø 100 up to 315 mm round air ducts.

**Air flow:**  
up to 2150 m<sup>3</sup>/h  
597 l/s

**Power:**  
from 72 W

**Noise level:**  
from 33 dBA

### Design

- Galvanized steel casing internally filled with 30 mm thermal- and sound-insulating layer made of non-flammable foamed polyurethane.
- The connection spigots are equipped with rubber seals.
- Fixing brackets for easy mounting.

### Motor

- Two-pole external rotor asynchronous motor with centrifugal impeller and backward curved blades.
- The motor is installed on specially designed vibration-damping mounts to absorb vibration and noise.
- Equipped with ball bearings for longer service life.
- Integrated thermal protection with automatic restart.
- Dynamically balanced impeller.

### Speed control

- Smooth speed control with an external thyristor controller or step speed control with an external auto transformer (both available upon separate order).

### Mounting

- Fixed to wall or ceiling with a fixing bracket supplied as a standard.
- Flexible air ducts are fixed on the fan spigots with clamps.
- Power is supplied through an external terminal box.

### Modifications and options

- max:** high-powered motor.
- G1:** speed controller, temperature controller with external temperature sensor (cable length 4 m), power cable with mains plug.
- GI1:** speed controller, temperature controller with integrated temperature sensor and power cable with mains plug.
- The **G1** and **GI1** modifications enable automatic speed control depending on indoor temperature. The optimal ventilation solution for premises requiring permanent temperature control as greenhouses, orangeries, etc.
- W1:** power cable with mains plug.

### Designation key

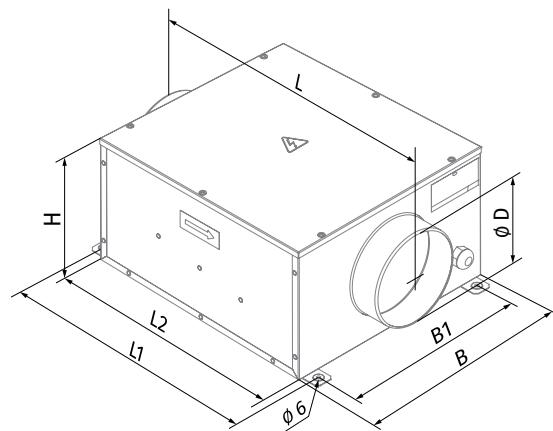

Series	Spigot diameter [mm]	Motor modifications	Options
Iso-B	100; 125; 150; 160; 200; 250; 315	max: high-powered motor	<b>G1:</b> speed controller, temperature controller with external temperature sensor, power cable with mains plug <b>GI1:</b> speed controller, temperature controller with integrated temperature sensor and power cable mains plug <b>W1:</b> power cable with mains plug
